

Script for Vote Counter

[Stand up]

Thank you, Mister/Madam Toastmaster, Fellow Toastmasters, and welcome Guests!

As Vote Counter, I will collect and count the ballots (hold up a ballot as an example) when the audience votes for Best Speaker, Best Table Topics Speaker, Best Evaluator, and Best of the Big Three. The Big Three are the Toastmaster, the Table Topics Master, and the General Evaluator. I will record which person wins in each category.

I will not cast a ballot myself, except in the case of a tie, in which case I will cast a vote to break the tie. I will not announce a tie vote.

Place your vote in one of these containers (show container) on each table.

At the end of the meeting, I will announce and award ribbons to the winners of the votes.

The ballots also have space to write comments to each speaker, evaluator and Table Topics participant. Please place comments in the containers and I will deliver them to the appropriate speaker.

Mister/Madam Toastmaster
